

CHEMCLEAN HP

DESCRIPTION

Chlorinated Multi-purpose Degreaser, Sanitiser & Cleaner

CHEMCLEAN-HP is an intensified chlorinated alkali based cleaner for all kitchen, washroom and hard surfaces. CHEMCLEAN-HP is formulated with high foaming surfactants designed to dissolve, suspend and remove dirt, grime, fat and grease substances. It contains non-slip agents making it ideal for use on floors, which are slippery in nature. It achieves excellent results as a bleaching and whitening agent and has exceptional sanitising properties for all wet room areas. Effective in the prevention and removal of mould and mildew.

This product will meet food safety standards as directed by HACCP or the Food Safety Authority provided that directions for use as provided are stringently followed. Non-compliance of such directions may breach food safety standards.

DIRECTIONS FOR USE

- **General Sanitising** - use 5mls / litre apply to surface either manually or by foam / pressure spray system .
- **Soaking** - soak equipment and utensils in a solution of 100mls / litre of hot water. Do not use on aluminium utensils.
- **Mopping Floors** - use 5 - 15 mls / litre of hot water.

NB - For sanitising of food preparation areas, rinse product contacting surfaces with potable water after use.

Do not mix with other chemicals.

HAZARD CATEGORY

CAUTION
