

CHEMSAN QAC

DESCRIPTION

No Rinse Sanitiser

CHEMSAN QAC is a concentrated high performance sanitising solution designed to be applied on food preparatory surfaces without the need to be rinsed off with water.

Alternatively, if using concentrate this can be used as a no rinse sanitiser when diluted to an in-use concentration of 150 ppm to 400ppm of Chemsan QAC. Chemsan QAC is also suitable for laundry sanitising.

CHEMSAN QAC is suitable for use on most hard surfaces including stainless steel, laminates, painted walls and doors, plastic, windows, table tops and benches.

DIRECTIONS FOR USE

NO RINSE SANITISER: For soiled areas always preclean with **Chempower Australia** detergent and rinse with water.

Use "ready to use" spray bottles or if using concentrate:

1. Dilute **Chemsan QAC** 5ml to 1 litre of water.
2. Spray surface and leave for a minimum contact time of 30 seconds.
3. Allow to air dry or after minimum contact time has elapsed, wipe dry with single use paper towel.
4. Direct contact with prescribed goods must be prevented and treated surfaces adequately drained before processing operations resume.

LAUNDRY SANITISING: Dose **Chemsan QAC** into the final rinse cycle of the washing machine. Due to various washing machine parameters please consult your **Chempower Australia** representative for specific advice.

HAZARD CATEGORY

IRRITANT

WARNING

- Causes Skin Irritation
- Causes Serious Eye Irritation
- Toxic To Aquatic Life

SAFETY

Keep out of reach of children.

Read label before use.

Wash hands, face and all exposed skin thoroughly after handling.

Wear protective clothing, gloves, eye/face protection and suitable respirator.

SAFETY EQUIPMENT

FIRST AID

If poisoning occurs, contact a Doctor or Poisons Information Centre (Phone Australia 131 126; New Zealand 0800 764 766). If medical advice is needed, have product container or label at hand. IF ON SKIN: Wash with plenty of soap and water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Specific treatment (see product label). If skin irritation occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

NEVER MIX ANY CHEMICALS
