

CHEMSAN OPL

DESCRIPTION

CHEMSAN OPL is a concentrated and powerful disinfectant and sanitising solution designed to be applied in the final rinse stage of a laundry wash process to provide chemical disinfection to meet Australian Standard AS4146:2000.

This product will ensure sanitisation of wash load is achieved with dosages as little as 1mL to 5mL per KG of dry weight of fabric.

DIRECTIONS FOR USE

Dose **CHEMSAN OPL** into the final rinse cycle of the washing machine. Do not mix with other chemicals as this may render the chemical inactive.

Due to variations in machine types, please consult a Chempower Laundry Specialist for technical advice and dosage rates.

HAZARD CATEGORY

CORROSIVE

WARNING

- Causes Skin Irritation
- Causes Serious Eye Irritation
- Toxic To Aquatic Life

SAFETY

Keep out of reach of children.

Read label before use.

Wash hands, face and all exposed skin thoroughly after handling.

SAFETY EQUIPMENT

FIRST AID

If poisoning occurs, contact a Doctor or Poisons Information Centre (Phone Australia 131 126; New Zealand 0800 764 766). If medical advice is needed, have product container or label at hand. IF ON SKIN: Wash with plenty of soap and water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Specific treatment (see product label). If skin irritation occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

NEVER MIX ANY CHEMICALS
