

GLASSBRITE

DESCRIPTION

Automatic Machine Glasswashing Detergent

GLASSBRITE is a super concentrated machine glasswashing formulation. Contains sanitisers, grease cutters and sequesterants to remove grease stains and hard water film ensuring sparkling clean and germ free glasses. Also contains low foam wetting agents to ensure quick drying and efficient machine operation.

DIRECTIONS FOR USE

Specifically for machine glass washing applications

Automatic Dispensing: Place the drum under the bench with the suction tube positioned to the bottom of the container.

The dispenser will automatically dispense the product.
