

SOAK

DESCRIPTION

Pre-Wash Stain Remover/Sanitiser

SOAK is a highly active alkaline and chlorinated powder for pre-soaking cutlery, coffee cups, pots etc. Contains sanitisers, grease cutters and sequesterants to remove stains and hard water film ensuring sparkling clean and germ free utensils.

DIRECTIONS FOR USE

SOAKING:

Dilute 5 grams per litre of hot water (to personal comfort level). Allow utensils to soak for at least 5 minutes and then rinse off. Drain dry or towel off with lint free cloth for superior results.

SPRINKLING:

Lightly sprinkle surface to be cleaned; swab and agitate surface with damp cloth into a slurry. Rinse slurry off and wipe clean.

HAZARD CATEGORY

CORROSIVE

CAUTION

- Contact with Acid Liberates Toxic Gas
- Causes severe skin burns and eye damage.

SAFETY

Keep out of reach of children.
Read label before use.
Keep only in original container.
Do not breathe dust, fume, gas, mist, vapours or spray.
Wash hands, face and all exposed skin thoroughly after handling.
Wear protective clothing, gloves, eye/face protection and suitable respirator.

SAFETY EQUIPMENT

FIRST AID

If poisoning occurs, contact a Doctor or Poisons Information Centre (Phone Australia 131 126; New Zealand 0800 764 766). If medical advice is needed, have product container or label at hand. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. Wash contaminated clothing before reuse.

NEVER MIX ANY CHEMICALS
